### Foreword

The rose that withers on its stem  
And bows its head to rest,  
Still sheds a honeyed fragrance  
To those who love it best.  
So may these scribbled pages,—  
Of days when hearts beat high,  
Hold fast within our memories  
The lure of days gone by.

## Dedication

As the aurora of morning first sheds its radiant rays across a world of darkness, so may our dear Alma Mater help bear the light of peace and good-will across a world of strife. To this noble work which we hold as our highest privilege in life and to the refining characteristics of tolerance, loyalty, and sympathy which are the basis of such work and which we find personified in the life of Dr. M. M. Sherrick, we, the class of '28, hereby dedicate our record of the past year.

## The Building Program for 1926-1927

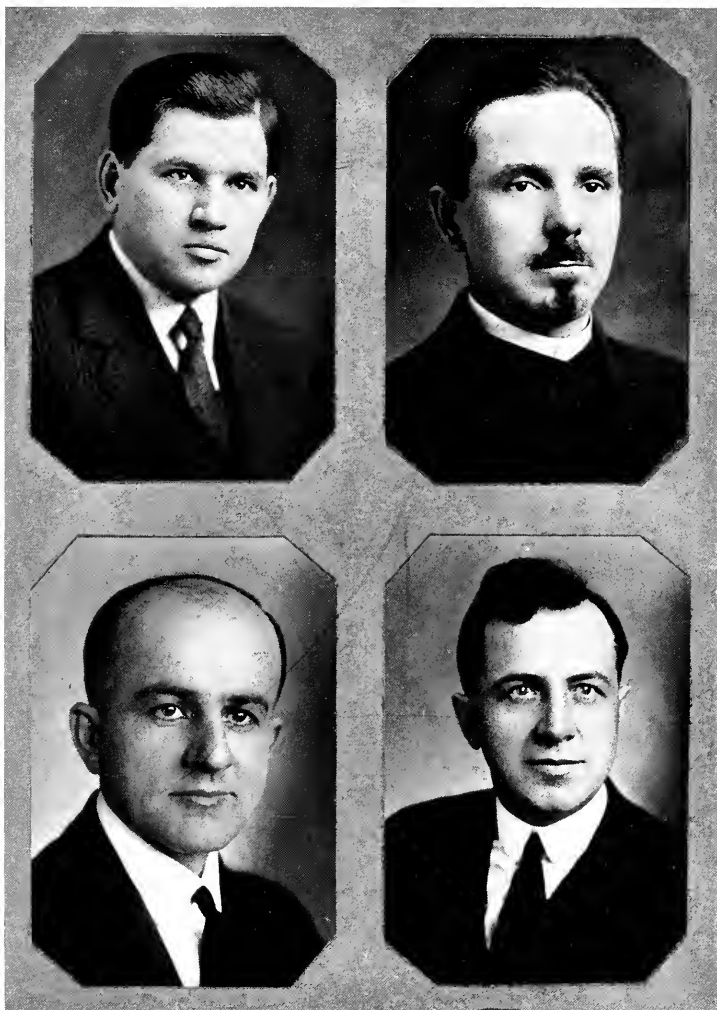

During the past year Manchester College has had in progress the greatest building program in the history of the institution. In all about \$150,000 has been expended for new buildings and equipment. This improvement will mean a great deal for every student who attends Manchester College.

The first building completed was the College Library. The building formerly known as Science Hall, a beautiful and well built structure, was converted into a new library. A fire proof addition built on the north end of the old Science Hall furnishes stock room capacity for 60,000 volumes. The basement furnishes room for storage of magazines and also for a book repair shop. The large reading rooms will accommodate more than one hundred fifty students at once. This building was dedicated on December 10, 1926. Dr. Henry N. Sherwood and Supt. Chas. Miller were the principal speakers.

The Gymnasium Auditorium is the largest building erected during the year. On the main floor is a large basket ball playing floor with room for bleachers that will accommodate five hundred spectators. This floor makes a large space for physical education. The Auditorium is seated with 1,700 opera chairs. The moving picture machine, given by the Class of 1926, is already in operation. The basement is well equipped with showers and dressing rooms for both men and women. The entire cost of the building and equipment will be about \$60,000. This means was furnished largely by the alumni, students, and business men of North Manchester. Prof. J. W. Wiles of Ohio State University gave the dedicatory address for the gymnasium while Dr. C. C. Ellis of Juniata College was chief speaker at the dedication of the Auditorium.

The Ladies' Home has been more than doubled in size by the new building. The general plan is a duplication of the old building with a center joining the two. About sixty new rooms will be added. Center union provides for a large parlor and for a women's chapel. The basement provides two large dining halls, ample kitchen room, and store rooms. When fully completed Manchester will have one of the largest and best buildings of its kind to be found anywhere.

This year a new heating plant has been installed which furnishes adequate service for all buildings. Large additions were made to the Physics department. A Social Center for students has been provided. Much credit is due to Dr. L. D. Ikenberry for his efficient direction of the building program.

### OFFICERS

HAROLD WOLFE, *President*

KERMIT EBY, *Vice President*

MARY SHIVELY, *Secretary*

The Student Council is the legislative group for the larger organization, the Associated Student Body. Its members are chosen from all the major activities of the school, some serving ex-officio while others are elected for the special purpose of representing some student interest in campus legislation. It is through this medium that the student body collectively or individually has an opportunity to give expression to opinions regarding the social life of the school.

This is only the second year for student government at Manchester and, in order that its foundation might be strong, progress has necessarily been slow. It is hoped, however, that through capable leadership and direction it may win for itself a permanent place on the campus, respected equally by students and faculty.

Barnhart, Garber, Gump, Wolfe, Shively, Eby, Bryan

## The Student Court

It seems to be a fact that wherever there are laws there will be some folks who will break them. This is true even at Manchester. Therefore, the Associated Student Body maintains, as a part of its organization, a Student Court. In this way student offenders are dealt with by fellow students who make an honest effort to adequately reflect the prevailing student sentiment with regard to mis-conduct.

The Student Court is an entirely ex-officio body, being made up of the presidents of the seven most prominent organizations of the campus. In spite of the fact that few students know much about the Court's activities, there is a general respect for it that augurs its permanent existence.

## Women's Student Government

### OFFICERS

MARY SHIVELY, *President*  
EDITH SHERMAN, *Vice President*  
MARIE KESSLER, *Secretary*

The purpose of the Women's Student Government is to foster and maintain conduct harmonious with the spirit and ideals of the institution.

Representatives of each of the four college classes are included in the official body.

The rules governing the organization are established and enforced by the students themselves. This democratic form of government provides desirable environment for accomplishing efficient work.

## Men's Student Government

### OFFICERS

WILLIAM BRYAN, *President*

JOHN BYERLY, *Vice President*

HOMER ROYER, *Secretary and Treasurer*

"Most powerful is he who has himself in his own power" is another way to say that the Men's Self Government is the best way to teach individuals the art of living together as a unit.

The organization this year is proof that Self Government is the most efficient, this being the first year that we have had no Superintendent in the Men's Home.

"To be trusted is a greater compliment than to be loved."

Diekey, Wagner, H. Royer, Cocanower, C. Byerly, E. Royer

## Affirmative Debate Teams

The faults and imperfections of the Federal Aid system were clearly exposed by the Affirmative Teams. They showed conclusively that the work which is now being done by Federal Aid would be much more efficient if problems of national importance were completely controlled by the Federal Government, and problems of local interest were handled by the State Governments.

The teams, captained by Carl Byerly and Elmer Royer, debated alternately. They had what seemed to be the impossible side of the question, but with Coach Conkling's untiring efforts and help, they closed the season with only one defeat in four contests.

On February 26, the Byerly brigade opened the season in a struggle with the strong Butler College team and received a tie decision. In the second debate on March 11, the Huntington College team was vanquished by the Royer crew. On March 14, the polished Taylor University orators were met and disposed of, and the only defeat of the season came on March 17 at the hands of the experienced Earlham College debaters.

Stoner, D. Byerly, Gump, Kendall, Eby, Barnhart

## Negative Debate Teams

The Negative Teams maintained that the present system of Federal Aid is in accord with the ideals of American Government. The members of the teams proved that Federal Aid was desirable, a point that would be conceded by the majority of Americans. The Negative upheld the system as it now stands.

The teams debated alternately under the leadership of Captains Stoner and Kendall. The Negative Teams wish to express their appreciation to Prof. Conkling for his inspirational coaching. Although the season was not as successful in regard to decisions as it might have been, every Negative debater gave his best for his Alma Mater.

## Oratory

### STATE ORATORICAL CONTEST

This year Manchester has played an admirable part in Intercollegiate Activities. The State Oratorical Contest was no exception. Mr. Benjamin Stoner represented Manchester in the state contest at Evansville with his commendable oration on "Japan." Mr. Stoner's oration was filled with good sense and sound judgment, and it represented his best effort. It was an excellent production and it was delivered in a very persuasive manner.

### INTERCOLLEGIATE PEACE CONTEST

Miss Josephine Chapman represented Manchester in the Intercollegiate Peace Contest which was held at Butler College. The title of her oration was "Disarmament and Militarism." It was full of good thought, and she rendered it in a particularly pleasing and delightful manner. Miss Chapman is to be commended for her accomplishment for rarely do we find freshmen taking part in intercollegiate oratory.

## “M” Association

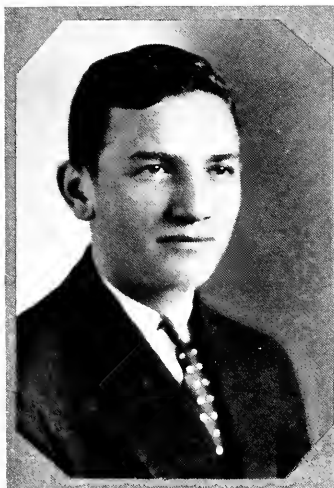

### OFFICERS

DELLA LEHMAN, *President*  
 BENJAMIN STONER, *Vice President*  
 MARGARET GUMP, *Secretary*

The “M” Association is an organization, the members of which have received the official Manchester College “M” in recognition of services in the fields of athletics or forensics. The purpose of the organization is to develop an interest on the Manchester College campus in these fields and to further intercollegiate contests in the same, to uphold in all contests the principles and ideals for which Manchester stands, and to help in those activities which promote these ideals.

During Commencement week the “M” Association Banquet is held at which both former and active members are present. While the accomplishments of the association are not so tangible, yet it does exert considerable influence both on and off the campus.

### Lyceum Course Committee

If men are judged by the company they keep, colleges can be judged equally as well by the type of men they have on the speaking platform from year to year. The Lyceum Course Committee has brought to the campus such nationally known men as Rabbi Stephen Wise, Wilfred Grenfell, S. Parks Cadman and others. Lovers of music will remember the Shubert Quartet and Charles Mather.

Oak Leaves, our college paper, has been published by the journalism class headed by an editor-in-chief, who is elected by the student body. It has been the purpose of this organization to uphold the high ideals of the college and publish only those articles which are constructive in their nature. This paper attempts to keep the alumni and other friends of the college informed of the happenings on the campus. We have had many letters from these folks saying, "We are lost without Oak Leaves in our home."

It is hoped that in the near future Oak Leaves can be made a weekly paper. When this is done we believe it will be of more use to M. C. than it has been in the past.

The purpose of the Y. W. C. A. is to help the girls on our campus live the deeper,—fuller life—The Father-pleasing life. It desires to help them make devotion and religious study a means to personal spiritual growth, to show a sympathetic and kindly interest in the welfare of all, to maintain high social and moral standards, and to make "service" their motto.

As the school grows the opportunities for Y. W. are increasing. She is meeting these new challenges in a big way. The Big Sister Movement, the Mother's and Daughter's Banquet, and the prayer and discussion groups are some of her projects. It was through the cooperation of the Y. W. and Y. M. that our new social room was made possible. The organization as a whole is helping many girls to get a new and bigger vision of life.

The Young Men's Christian Association renders a very definite service on the M. C. Campus. It encourages and fosters interest in the things which make for the highest type of living. It is an organization in which every college man finds a hearty welcome and a place where men can face and discuss life issues.

The "Y" has sanctioned and brought on the campus such men as Kirby Page and Rabbi Wise. The good these men have done for our student body can never be estimated.

## The Student Volunteers

ORA GARBER, *President*

CHARLES ZUNKLE, *Vice President*

IVA STEBBINS, *Secretary*

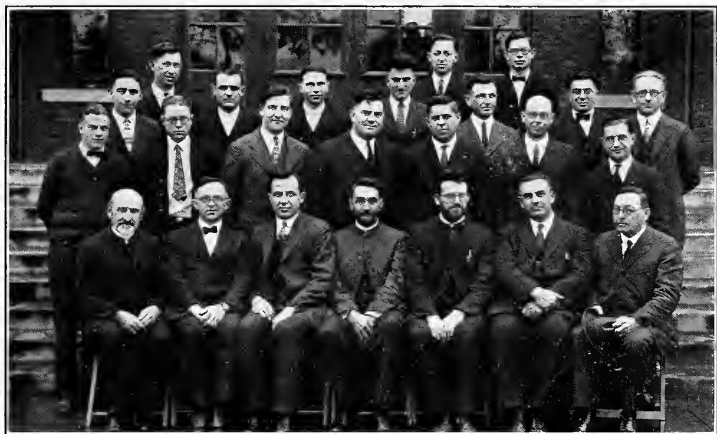

CLARENCE SHOCKLEY, *Treasurer*

ESTHER BRIGHT, *Corresponding Secretary*

MARY SHIVELY, *Chorister*

The Student Volunteers are a group of students who are vitally interested in extending the Kingdom of God. For this reason they have pledged to use their lives in definite Christian service, whether at home or abroad.

In order to be better prepared for service when they are through school, they have weekly meetings in which problems connected with their fields of service are discussed. They also take advantage of every opportunity to gain practical experience. Teams sent into the churches afford experience, as well as groups visiting the sick and aged in the city. As a special project they are helping support Clara Harper on the African field. They were unusually fortunate this year in having several returned missionaries on the campus.

## Ministerial Association

### OFFICERS

FLOYD E. LEEPER, *President*

CHARLES ZUNKLE, *Vice President*

CLARENCE SHOCKLEY, *Secretary-Treasurer*

JOHN EBERLY, *Chairman of Program Committee*

The Ministerial Association of Manchester College is made up of students who represent some of the finest leaders on the campus. These students are ones who have responded to the call of the Christian Ministry and are preparing for its work. The purpose of the organization is to foster the educational needs of young ministers, to prepare them for and aid them in problems peculiar to their work, and to furnish them the opportunities for work in the nearby churches.

This year the Association has had many helpful programs. Some of these have been discussions of the problems of ministerial work. Other messages of real worth have been brought to us by active ministers.

The College Sunday School is an organization meeting the needs of advanced religious education. Special courses are offered in advanced study of the Bible and religious Christian thought. A choice is usually permitted, and the student may choose his course and teacher accordingly.

It is always the aim of the College Sunday School to make for greater progress in the understanding of true life, and to enhance and further the ideals of every student who attends the classes. This year the teachers were all professors thus insuring exceptional religious instruction.

## The Mission Chapel

### OFFICERS

 HAROLD RARICK, *Sunday School Superintendent*  
 ELMER BOWMAN, ELMER ROYER, *Choristers*  
 MIRIAM MOOMAW, *Organist*  
 MARY RUPEL, *Home Department*

The West End Mission Chapel, located in the factory district of the city, provides valuable training in religious leadership for the college students engaging in this work, and fills a very definite need in the community. The work is entirely in the care of the students under the supervision of the Religious Activities Committee.

This year the attendance and interest have been good, and morning and evening services received good support from the community. Special programs were planned at Hallowe'en and at Christmas. Much credit is due to those students who faithfully carried on in the face of inclement weather and other adverse conditions.

## Philaethea

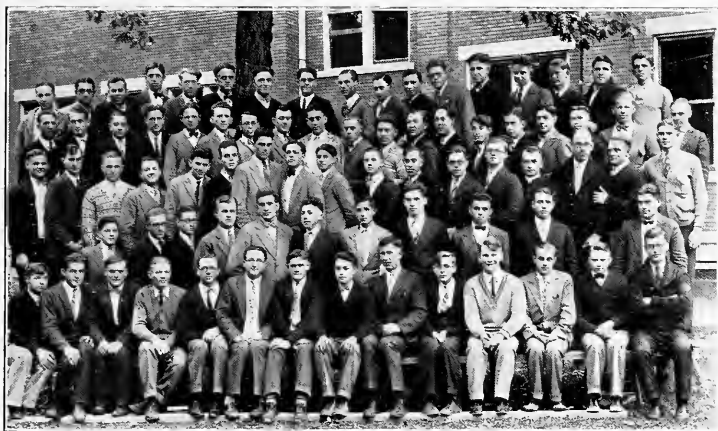

### PRESIDENTS

ESTHER BRIGHT  
HELEN FORNEY

EDITH SHERMAN  
MARY SHIVELY

FACULTY ADVISOR  
PROF. BERTHA LEAMAN

Philaethea Literary Society has shown growth in many respects this year. She has raised her standards, and heightened her ideals. She has shown improvement this year by a careful analysis of her past experiences and an application of the wisdom gained thereby. It is the purpose of Philaethea to develop the "ideal girl," and those who know her best feel that her efforts have not been in vain.

## Philphronia

### PRESIDENTS

PAUL HEESTAND

CARL BYERLY

PAUL KENDALL

PAUL GARRETT

### FACULTY ADVISOR

PROF. J. E. DOTTERER

Philphronia tries to be worthy of the verse in her song which proclaims her the "heart of old M. C."

This year has been agreed by every member to have been very profitable in developing the art of self-expression and in effecting a desire for brotherhood and cooperation. There has been an extensive and varied literary program, and a revision of the constitution, in addition to giving the society its maximum efficiency, has afforded a great deal of business and parliamentary instruction.

The large number of new men in Philphronia have admirably assimilated the 'Phronian spirit which fact will recompense the loss of its senior members who have been so influential in college activities. These men will promulgate the 'Phronian brotherhood and ideals, and help to maintain for Philphronia her position of service and influence in Manchester College.

## Philomathean

### PRESIDENTS

### FACULTY ADVISOR

PROF. SADIE WAMPLER

The aim of Philomathean is to live true to her motto: "Give Something; Receive Something." Does Philomathean have high ideals? Yes! And these ideals are converted into realities by the forces of enthusiasm and "push."

Philomathean strives to promote better literary activities, to stimulate culture, and to develop the distinct abilities of her members.

Philomathean is an energetic organization. Some splendid work has been done and many novel and interesting programs have been given throughout the year. Three public plays were presented by the society: "The Kleptomaniac," "A Case of Suspension," and "The Maker of Dreams."

This organization has shown itself to be a splendid means of contact and we are looking forward with high hopes to the future of the society.

## Philorhetoria

### PRESIDENTS

ELMER ROYER

WM. HOLLINGER

ERNEST BOYER

### FACULTY ADVISOR

PROF. CHARLES S. MORRIS

Philorhetoria has built up a wonderful tradition in the few years of her existence. From Philorhetoria have gone many of the men who exerted the most vital influence for scholarship and Christian living while they were on the campus, who are now making names for themselves in the world, and whom Manchester most proudly calls her own.

However bright her past, Philorhetoria does not live in the past. She strives each year to be worthy of her heritage—to live up to her traditions.

Philorhetoria values hard work and worth while productions above mere entertainment. Every fellow on the program is expected to make a real contribution to the society. By making his best contribution to the society, he is at the same time developing himself most. In this way we live our motto,

*"Give Something; Receive Something".*

## Social Science Club

It may be well said of the Social Science Club on the M. C. Campus that it is essentially composed of a small group of earnest, sincere, thinking students who are thoroughly interested in the affairs and relations incidental to human living in the past, present, and future.

By meeting only every two weeks, by making the club a non-compulsory attendance activity, by emphasizing the social side of the club's existence, and by encouraging individual response by means of discussion groups, the club has made its achievements in a measure, the full value of which cannot be estimated immediately.

Such an extra-curricular activity as this promotes the general interest of the student in his work, and contributes directly to the up-building of the campus life.

## Science Club

*(Chi Sigma)*

### PRESIDENTS

GLEN COCANOWER

DANIEL RINFHART

After having established a permanent and prominent place on the campus, the Science Club is functioning well as an organization. Its purpose is to promote more interest and enthusiasm in the fields of science and mathematics, and programs along these lines are given every two weeks. The club is composed only of individuals who are especially interested in these scientific fields.

This year the club has communicated with similar organizations of other colleges and suggestions mutually helpful have been exchanged. During the year interesting and helpful lectures have been given by Dr. Holl and Professors Morris, Kintner, and Dotterer.

## Students' Wives Club

### OFFICERS

MRS. EMMERT FLORY, *President*

MRS. RAY DEARDORFF, *Vice President*

MRS. EMMET EILEK, *Secretary-Treasurer*

MRS. HAROLD WOLFE, *Assistant Secretary-Treasurer*

Three years ago the Students' Wives of M. C. organized a club for the purpose of getting acquainted with each other and exchanging helpful ideas. This club has been a valuable asset to the social life of its members.

There were about twenty-five members this year who took an active part in this activity. The club met once each month in the various homes and the varied programs have furnished enjoyable entertainment. Twice during the year the husbands of the members were entertained at a banquet.

## The College Woman's Club

The College Woman's Club is composed of the women of the faculty and the wives of the faculty men, together with a few other women who have interests in common with them.

Under the capable leadership of Mrs. C. W. Holl, the president, a well-balanced program has been conducted during the year. Among the social functions were the Lady Guest's Party, the Annual Banquet, and an entertainment for the women students. These delightful social events were interspersed with other programs equally enjoyable. One evening was devoted to books, one to travel, and another to music.

The College Woman's Club purposes to establish a sympathetic relationship with the women students, and, as opportunities are offered, to help them realize in their own lives the highest ideals of womanhood.

The Summer Aurora Staff cooperates with the winter Aurora Staff in making the annual a larger and more complete book.

Each summer shows an increase over the last, and the activities are becoming more prominent in connection with those of the winter terms.

## The College Sunday School

The College Sunday School is an organization which offers opportunity for a detailed study of the Bible. There were classes whereby a choice might be made to study religious books of worth or certain portions of the Bible. This work was capably directed by some of the members of the college faculty and Messrs. John Stoner and Loren Miller.

The Young Women's Christian Association is always an outstanding organization on the campus because of its high ideals and purposes. It has proved a great success this summer. With the largest membership ever maintained during the fourth term, the weekly programs were of great inspiration.

A beautiful "tea" was given around the fountain. The "hock sale" and the Chautauqua booth were other functions. During the absence of Miss Margaret Stover the last term, the work was ably carried on by Miss Ruth Blough. The cabinet held a farewell breakfast for its president and two of her assistants.

The Young Men's Christian Association was very successfully conducted by Mr. Glen Longenecker. Much interest and enthusiasm was shown throughout the summer. Besides the weekly meetings the Y. M. and Y. W. cooperated in sponsoring the social functions and the Chautauqua booth which was a means of financial benefit to both organizations.

## Emersonian Literary Society

### OFFICERS

WILLIAM BRYAN, *President*

ESTHER DOHNER, *Vice President*

GRACE LAUDIG, *Secretary-Treasurer*

Students are not under obligation to become a member of either society during the summer months, but the majority being teachers realize the importance and the benefit that is gained from this work. Emersonia gave many instructive and interesting programs.

The annual picnic was held at Long Lake.

## Hesperian Literary Society

### OFFICERS

Hesperian Literary Society gave many programs of an educational type. Her members showed a spirit of interest and a desire to uphold the things of cultural literary value.

Her annual picnic was held at Lukens Lake.

## The Women's Student Government

The Women's Student Government need not be so active during the summer as in the winter terms. Their task is to act as executive governing board. All of the girls cooperated with Miss Hattie Joseph, the president, to make the dormitory a pleasant home.

## The Student Volunteers

The activities of the Student Volunteers during the summer terms form an integral part of the year's schedule.

The weekly programs have been of an interesting and inspiring type. Several Programs were given in neighboring churches by deputation teams of this organization.

The president was absent most of the summer and the work was in charge of the vice-president, under whose able direction the summer was made a worth while one.

## Summer Athletics - 1926

The summer athletic program of Manchester College consists mainly of those outdoor sports of baseball and tennis. The only intercollegiate sport for the summer term is baseball. Manchester may well be proud of her baseball team of the summer term of nineteen twenty-six. Composed of experienced players and instructed by Coach' Burt the team experienced a very successful season.

The athletic program at M. C. aims to include everyone. Outdoor volley ball teams were organized and a tournament was held.

Much interest was displayed in horse-shoe by both men and women. Tournaments were held for each.

The string of eight tennis courts were never vacant. Much interest was shown in this sport and many participated.

The Alumni Association is an organization of those who are graduates of Manchester College. It is pledged to devote its energies to the building of a bigger and better Manchester College. It aims to keep alive all the worthwhile traditions and pleasant memories of the past. It strives to retain those ideals of living and that philosophy of life which has given to Manchester men and women a distinctive reputation for honesty and integrity. It strives to keep alive that bond of friendship and loyalty for which our Alumni have been known.

The organization has also a forward look. We are interested in the Manchester of this generation, but even more in the Manchester of the future. We have been served and now we are desirous of serving. We are back of every movement that shall make the college of our children a better school than was our college.

Each year sees our organization grow in number and activity. The Gymnasium-Auditorium stands as a monument to the activity of the members of the Association. Other lines of endeavor have profited by their enthusiasm and help. The membership is approximately a thousand and is made up of a most representative group of folk.

We welcome to become members of this group every member of the Class of 1927.

"The strength of the wolf is the pack,  
The strength of the pack is the wolf."

We can accomplish the greatest good by making a united effort. If every member will contribute his bit, the sum total we can scarcely imagine.

Yours for a greater Manchester College,  
THE ALUMNI ASSOCIATION,  
CARL W. HOLL, *President*.

### I AM MUSIC

Servant and master am I; servant of those dead, and master of those living. Through me spirits immortal speak the message that makes the world weep, and laugh, and wonder and worship.

I tell the story of love, the story of hate, the story that saves, and the story that damns. I am the incense upon which prayers float to Heaven. I am the smoke which palls over the field of battle where men lie dying with me on their lips.

I am close to the marriage altar, and when the graves open I stand nearby. I call the wanderer home, I rescue the soul from the depths, I open the lips of lovers, and through me the dead whisper to the living.

One I serve as I serve all; and the king I make my slave as easily as I subject his slave. I speak through the birds of the air, the insects of the field, the crash of waters on rock-ribbed shores, the sighing of wind in the trees, and I am even heard by the soul that knows me in the clatter of wheels on city streets.

I know no brother, yet all men are my brothers; I am the father of the best that is in them, and they are fathers of the best that is in me; I am of them and they are of me. *For I am the instrument of God.*

I am Music

## The Choral Society

The Choral Society of Manchester College is a growing organization giving to its members experience in sight reading and choral singing. The Choral is not as restrictive in its membership as the College Quartets or Glee Clubs, yet its members receive experience which can not be obtained in either of these activities. Many students who need and want singing experience do not have time to enter the Quartets or Glee Clubs, and that was one reason for the organization of the Choral Society.

In 1922-1923 the Choral was organized, but from then until this year it had been carried on without the direction of a staff. This year a President, Vice-President, and Secretary-Treasurer was elected.

With Professor Daniel W. Boyer as Director and Professor Martina DeJong at the piano, the Choral was able to give two concerts this year; the first was a Christmas Cantata "The Holy Infant"—F. F. Budlard, the second was "The Rose Maiden" by Frederick Cowan.

The membership this year numbered 115, an increase of 35 over last year, but yet there are many students in College who fail to grasp the opportunities the Choral will afford them.

# PINAFORE

The comic opera "Pinafore" by Gilbert and Sullivan, was exceptionally well given on the nights of April 16, 17, 1926, under the leadership of Prof. Bessie Nelson, assisted by Professor Martina DeJong. This was the second production of its kind to be staged in the history of the Music School and judging from the enthusiastic crowds at both performances it was a marked success. It was well presented by the nine principal characters assisted by forty chorus members.

This is an old opera, but one that is ever new, for modern writers have never so far been able to produce any comic operas that, for popularity, have surpassed "Pinafore" and the "Mikado".

## The Men's Glee Club

The Manchester College Men's Glee Club, composed of twenty voices, is directed by Professor Roy Dilling. This year has been one of the most successful in the history of the organization. The members were selected by the director from the best musical talent of the school. From among these the director chose four to compose a male quartet.

One feature adding to this year's success was the use of dress suits.

The club took trips during the spring term into the surrounding communities and one extended trip through Southern Ohio. In this respect the club not only afforded enjoyment and training to the members, but also was of definite service to the College.

## Girl's Glee Club

The Girl's Glee Club of Manchester College is one of the widely known organizations of the school. Through its programs it brings messages of cheer and inspiration to many.

Professor Roy Dilling, the director, selects the club from a group of girls who are interested in this type of work and who can qualify in scholarship. These girls meet on Tuesday and Thursday of each week for practice.

This year an extended trip through Southern Ohio is planned for the spring vacation, besides week-end programs in middle Indiana.

The girls are a happy bunch and carry the Manchester spirit wherever they go.

Mertz, Dohner, Deardorff, Cunningham

## The Girl's Quartet

One of the ways that a few students have been able to express themselves through music is through the Girl's Quartet. To Professor Daniel W. Boyer, the quartet owes the degree of success it has attained because of his untiring efforts to train; his unique methods of directing, and his beautiful interpretation of Music.

The Girl's Quartet in company with the Men's Quartet plan to give programs over various parts of the country during the spring months.

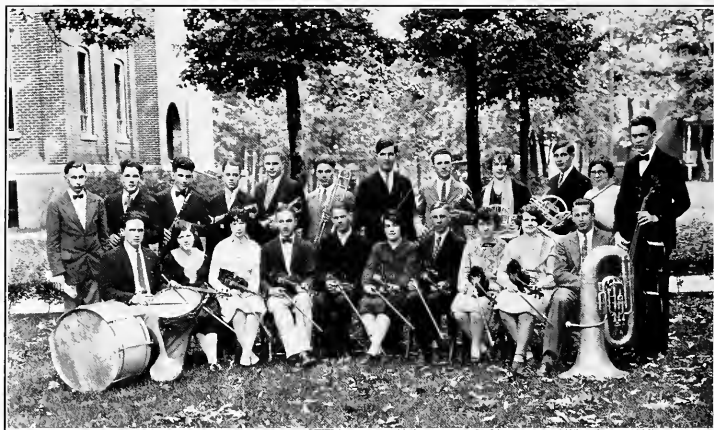

The members of the Quartet are; Sara Mertz, first soprano; Esther Dohner, second soprano; Ruby Deardorff, first alto; Ruth Cunningham, second alto.

Berkebile, Brown, Boyer, Dickey

## The Male Quartet

The Manchester Male Quartet was organized at the beginning of the school year. Under the direction of Professor Daniel W. Boyer these young men have developed a fine quartet. They have appeared on many programs this year and their music has been highly appreciated by numerous audiences.

Back Row—Brown, Bjorkland, Garrett, Huber, Smith, Zook, Prof. Hoff, Bowman, Tucker, Howard  
Moomaw, Richards  
Front Row—Sharkey, Arnold, Banbury, Singer, Anderson, Zimmerman, Rust, Hardman, Ireland, Kinky

## College Orchestra

The College Orchestra is one of the organizations of which our school is properly proud. They strive to uphold the highest standards and ideals of music by always putting before their audience the best recognized compositions. The work in the orchestra is beneficial to the players as well as enjoyable to its hearers. The opening of the Lecture Course numbers by the Orchestra was always well accepted and enjoyed.

The "Second Annual Concert" was given February 4, 1927. The general work of the orchestra showed a vast improvement over the work of previous years, particularly in its interpretation and colorful effects throughout the programs.

The success of the orchestra is due in great part to the wielding of the baton under the able hand of Conductor Lloyd M. Hoff.

Back Row—Davis, Slaughterbeck, Strutsman, Shock, Snook, Zook, Piper, Fish  
 Middle Row—Sharkey, Cox, Frantz, Sheets, Turnipseed, Welmer, Riley, Tucker, Howard, Kinky  
 Front Row—Brumbaugh, Bjorkland, Scudder, Miller, Garrett, Cline, Berkebile, Priser, Smith, Huber

## The College Band

For several years there has been a growing spirit and enthusiasm in our midst for a band. This year the band was organized and under its constitution it has advanced somewhat over what it was last year and the year before. Due to the limited number of musicians available for the band, it, of necessity, has been small. With a growing interest and with sufficient new material, next year's band should be much stronger and a more efficient organization.

Under the very efficient leadership of Paul T. Garrett, the members have been able to render many spirited and classical selections. They have played at the football and basket ball games and their performing has been an asset to our school spirit.

Athletics

With the increased enrollment and the accompanying building program of M. C. during the past few years came the necessity for better facilities for a properly conducted Physical Education program. The first manifestation of such a realization came with the purchase of our new Athletic Field down by the river. This field provided the school with a well laid out baseball diamond, a level gridiron, and a cinder running track.

The second step in the enlarging of the Physical Education program came last spring when Dr. Cordier and the Athletic Board started a drive for funds to build a new gymnasium-auditorium whose need was becoming imperative on our campus. How well they succeeded is well realized when one walks out back of the Goshorn Chemistry Hall and views the imposing edifice which had such a mushroom growth during the Fall months of 1926. A well-equipped gymnasium with separate departments for Men and Women, a large playing court for basket ball, a large stage with excellent lighting facilities, and an auditorium seating two thousand people, were provided by the addition of this building to the College properties.

## Football

The 1926 Football Season was not so successful as far as games won is concerned, but the popularity of the new sport on our campus was well demonstrated by the support given it. Being only the second year of football as a recognized major sport no records were expected to be broken by the team. However, the spirit and interest shown satisfied even the most critical observer and from this standpoint the season was a great success.

The season was opened at Defiance, Oct. 2, and in a sea of mud the Buckeyes capitalized a fumble and made the only score of the game. Vincennes came, we saw, and Evans, with ten assistants, conquered. Score 33-0. At Muncie Manchester tasted first blood with Evans place-kicking from the twenty yard line. Muncie settled down to a rough and tumble game and the final score stood 19 to 3 in their favor. Mid-term exams made necessary a rejuvenated lineup

At Danville next week the team made a creditable showing with Capt. Evans and the regular quarterback out with injuries. Adrian came to visit us for the last game of the season and took home with them the long end of a 19 to 0 score.

A recent ruling of the Athletic Board of Control has designated football and basketball as the two major sports of the college. A season of varsity service in either of these sports entitles a player to an eight inch gold "M". For the second year of service a gold jersey with a black letter of the same size is given. For the third year, or the senior year a gold slipover sweater with a black letter is given. Each senior letter-man is given a medal which entitles him to free admission to any athletic contest at Manchester in the future. The members of the squad who do not receive letters are awarded numerals, three of which entitles a man to a letter.

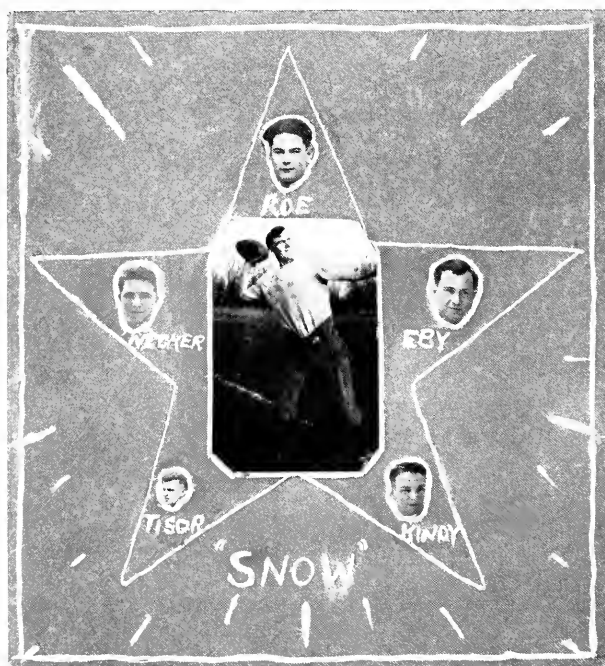

The minor sports include baseball, track and tennis. For these sports a smaller sized letter is awarded.

Thirteen letters were awarded to football men at the close of the season. Four of these men graduate this spring. All are linemen of sterling caliber, but Coach Burt has promising reserves who will fill these vacancies with credit. The prospects are bright for a successful season in 1927.

#### OUR GALAXY OF '27 STARS—ALL BUT "SNOW".

## Basketball

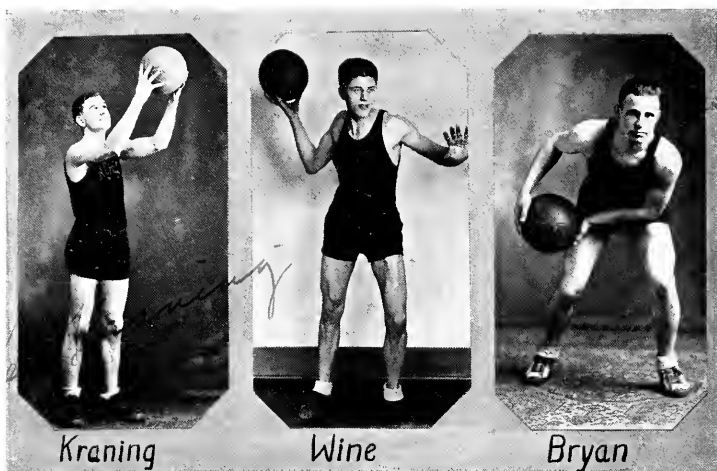

The season of 1926-27 will long be remembered in basketball history at Manchester. With last year's varsity back to a man, Coach Stauffer prepared for the hardest schedule in the history of the school. The season opened with four victories, including one from Wittenberg, (O.), and two from the highly touted quintet from Ohio University. Wabash gave us our first defeat of the season at Crawfordsville. Then, after submerging Kalamazoo Normal and Rose Polytechnic under heavy scores, Indiana Central pulled the David and Goliath act and won from us at Indianapolis. A few weeks later we found revenge to be sweet when we handed both Wabash and Indiana Central sound punishment and sent them home humiliated. Franklin had the only team which withstood the attack of the Dunkers without losing its scalp.

During the season Manchester played seventeen games, winning twelve and losing five, twice to Franklin, once to Wabash, once to Indiana Central and once to Kalamazoo. Franklin was the only team to defeat the Black and Gold on its home floor in two years.

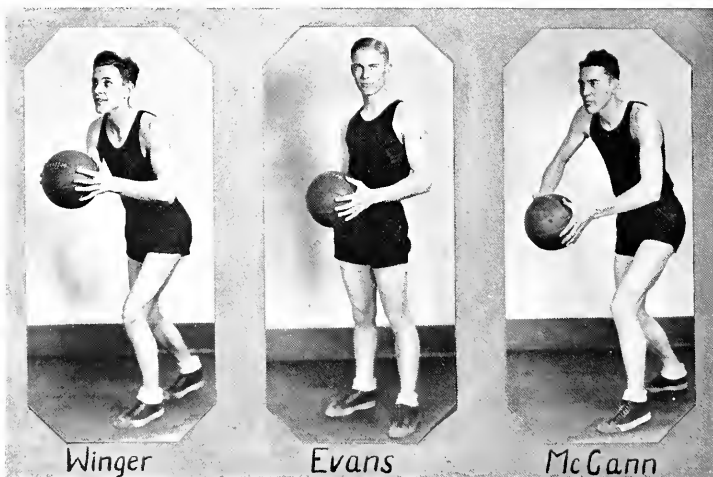

Eight men were awarded letters, three of whom are to be graduated this spring. However, the outlook for next year is particularly encouraging with Coach Stauffer directing a wealth of talent which may well be expected to form itself into a winning team worthy of superlative ranking.

Wilmer Wine, twice captain and again captain-elect, star backguard with All-State rating and All-Western honorable mention, is the delight of the hardwood fan. He is the comedian of the quintet. His pivots, wild eyes, and pulled faces combined with his brilliant generalship and floorwork make him a popular, as well as a stellar member of the Dunker Five. "Bill" Bryan, steady, consistent and reliable, has played his last game for his Alma Mater. He filled the floor-guard's position to perfection. "Kenny" Kraning, last year high-point man of the state, always wears a smile and has the voice of a bull. He leads the offense and hits the hoop from anywhere.

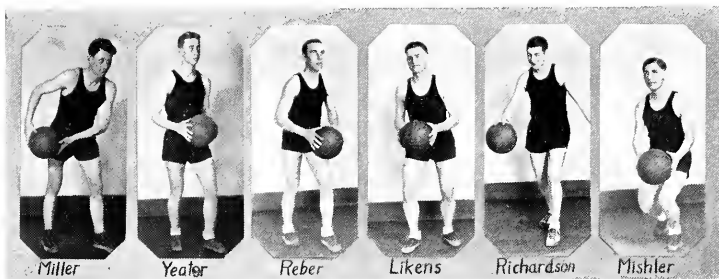

*Byerly*

*Speicher*

*Murray*

Paul Winger, dangerous offensive man and a tenacious floor-guard, leaves a vacancy that will be hard to fill when winter comes again. This season completes his three years service on the Varsity. "Bushy" McCann, elongated, high-jumping, high point man of the team, always gets the tip-off for the Black and Gold. He also leaves us this year with three service stripes and a hard vacancy to fill. "Snow" Evans, with tousled hair and a fighting spirit, keeps up the old scrap when others lose their offensive drive. He generally scores the first basket and goes thru for more when they are needed. "Pete" Byerly has that uncanny sense of location which makes him a formidable utility man who can score from most any position at any stage of the game. He is also a three stripe man who will leave us this spring.

## Baseball

The 1926 season of the M. C. Batsmen is one of which we may well be proud. With a lack of experienced men at the opening of the season Coach Burt must be given credit for developing a team of deadly bat-wielders who suffered only two defeats and turned in a creditable season's record of 666. Captain Findley, short-stop, was the shining light of the infielders, while Evans, on the mound, distinguished himself by turning in two shut-out games for the Manchester Nine.

## Minor Sports

### Tennis

The Manchester Netmen started the season off right by proving their superiority over the Buckeyes by defeating Defiance College to the tune of four to two. The next match, with De Pauw, came out a tie with the score at three all. The other matches on the schedule had to be recalled on account of the weather conditions. A summary of the season credits Kranning with winning both his single matches while Winger, Longenecker, and Berkebile broke even with one win and one lose. In the doubles, Winger paired with Kranning to win both matches while "Necker" and "Berky" had the tough luck to lose both their matches by close scores.

## Track

Track and Field Work has never received much emphasis at Manchester but this fact did not keep us from sending a well coached and trained track team to Muncie where they competed with Muncie Normal and Indiana Central in a track and field meet between the three colleges. The showing made was a creditable one although a weakness was shown in the field events. Manchester scored heavy in the track events but failed to place in any of the field events except the discus throw. Muncie won the meet with a score of 58 points while Indiana Central and Manchester tied with a score of 25 points each. A summary of the events credits Kennedy with winning first place in the 100 yard dash and second place in the 220. Bowser took first in the 220, and third in the 100. Holderman won the mile run in four-fifty five. Evans placed third in the 440. And Logan added a point to the M. C. total by placing third in the discus throw.

At the first meet of the Indiana Relays which was held at Danville, May 8, Manchester had one man to place in the only event for which we could qualify. Holderman placed fourth in the mile run. The other representatives of Manchester were eliminated in the preliminaries.

With the addition of the new Athletic Field and the running track, as well as the new gymnasium and other facilities and equipment we may expect more emphasis to be placed on this field of athletic endeavor.

# Intra-mural Sports

CARL BURT, *Director*

LORIN EVANS, *Asst. Director*

The Intramural Sport schedule is one of the most interesting features of the school year. This branch of athletics is open to all students except varsity players and fills an important place in the physical training program of the College. During the past year the interest displayed in this field demonstrates the worth-whileness of this branch of the Athletic Department. Four tournaments were held with a total of forty-three teams entered, and nearly three hundred students participated in the contests. Basketball and Volleyball received the best support but the Indoor Baseball tournament indicated that this sport will perhaps be the most popular when the next season comes around. Besides the four indoor tournaments, each spring an elimination tournament is held among the tennis fans. The members of the winning teams in each branch of Intramural Athletics are presented with medals at the close of the season. We are sorry to announce that it has been impossible for the Aurora Staff to secure photographs of the winning teams.

## BASKETBALL BOYS

Seventeen teams were entered in this tournament. In a few weeks the leaders had demonstrated themselves to be the Pirates, Kentucky Ramblers, P. O. S., and Wild Cats with Darwin's Inspirations and the Rough Riders following closely behind. The Collegians came to an untimely end and the Inspirations upset the dope several times but the finals found the P. O. S. mixing with the Kentucky Ramblers. After a hard fought game the Ramblers emerged victorious.

## BASKETBALL GIRLS

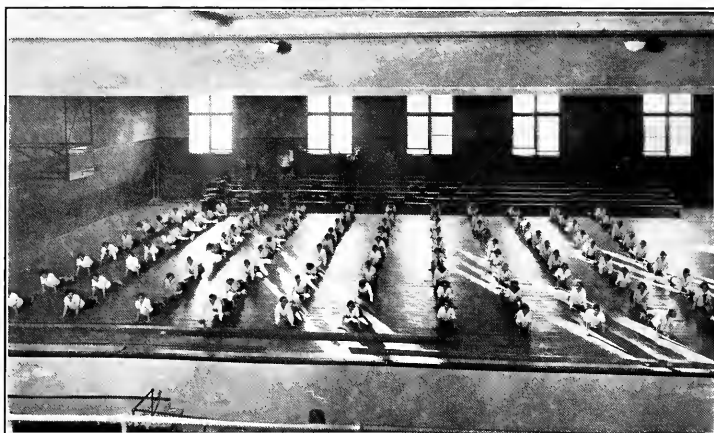

The girls had some trouble getting organized and their tourney started off with only five entries. The Rinkey Dinks and Independents soon proved their superiority while Bobbie Long's Fighting Lions were eliminated after a closely contested battle with the Rinkies. In the final game Rachael Collins' Independents triumphed over the hard fighting Rinkey Dinks led by Mary Robbins.

## VOLLEYBALL

While fourteen teams entered the volleyball tournament the interest soon centered itself in the P. O. S., the faculty team masquerading under the nom de plume "Has-beens," the Mexicans, and the D. O. D.'s. The Has-beens and the P. O. S. proved to be the cream of their respective brackets and in the final games the P. O. S. came up from behind to win by the close score of three to two.

## INDOOR BASEBALL

Indoor baseball this spring manifested itself to be as full of excitement as the regular outdoor game. The season's games were all thrillers and the interest shown proves that indoor baseball has been established as a game worthy of the efforts of any man. Mr. Burt plans to enlarge and stress this branch of sport next spring. Seven strong teams were entered this year but the P. O. S., for the third time, and the Has-beens, for the second time, came thru to play in the finals. In an overtime game replete with big-league thrills Burt came home with the winning run for the faculty.

With the addition of the new gymnasium came the opportunity and necessity for a more extended physical education program for the girls as well as the boys. Physical Education Director Burt filled this need by providing drill work, pyramid building, calisthenics, and various other exercises for the development and recreation of the body. Besides teaching the girls these exercises Mr. Burt also put the young ladies through the course so that they could qualify as coaches and physical education directors for girls in the high school. The results justified the effort put forth and the young ladies are enthusiastic about the course as it is now offered.

## MAY DAY

## Senior Ditch Day

Were there any thrills? Was there any excitement? Oh Boy!

What's your guess?—Senior Ditch Day,—of course.

What it means to classes of future years, we have already experienced, but what it means to us, cannot be expressed in mere words. To others it surely means nothing more than a day of sport,—a day when college cares and worries may be forgotten, but to those who will soon leave the college walls, its significance is of an entirely different nature. To them it means the formation of closer friendships, a better understanding of life's realities, and the welding of a more perfect unity to meet the situations of life,—the fuller life, in which Manchester College expects the best from each loyal son and daughter.

## Homecoming Day

"Manchester College! Oh, how I love the name!  
Manchester College! Go, spread abroad her fame,  
Manchester College! is just the place to be.  
Manchester College! is just the place for me!"

These words thrilled the hearts of many former M. C. students and friends on our second Annual Homecoming day. Although this event is comparatively new we consider it as one of the high spots of a college year.

In spite of the adverse weather conditions crowds of people kept coming and going over the campus all day. The dinner hour brought an opportunity for creating a genuine spirit of fellowship. Old memories, acquaintances, and events of college days were refreshed, renewed, and retold. Oldtime pranks were called to mind and enjoyed again.

Our visitors were very much interested in the new improvements about the campus. The girls' dormitory, library, gymnasium-auditorium, and the social room were subjects of decided interest. These indications of growth and preparation for bigger and better service only strengthen the bonds between our Alma Mater and her sons and daughters.

In the afternoon the football enthusiasts witnessed the game with Indiana Central. Spirit ran high all through the game, but the end was a one point victory for I. C.

We hope this tradition will ever be an event of joy to those who love dear old M. C.

## “Y” “M” Retreat

Retreat commonly means to go backward, but the Y. W. C. A. Cabinet takes a retreat each year in order to advance the Y. W. to a greater position of service on our campus.

Early last fall the cabinet, with Mrs. Harold Wolfe acting as advisor, withdrew to Camp Mack for a day and a half. The aims and the ideals of the Association were seriously considered, and a new policy was formulated. The program for the year was outlined both according to content and procedure. The girls had an enjoyable time learning to know each other as well as becoming familiar with “Y” work.

The meditative hours that were spent around the fireplace at Camp Mack are never to be forgotten.

## “Y” “M” Retreat

Every organization needs to have definite aims and ambitions for carrying out its plans. The “Y” is no exception.

Each year as soon after school begins as possible, the men who are definitely responsible for the Y. M. C. A. go to some quiet place, away from the rush of the campus, and formulate the policies for the coming year.

This year's retreat at Camp Dick Runyan was exceptional in several ways. The friendships formed were such as to be remembered for a lifetime. Each fellow put his best into the work and much was accomplished. We also were fortunate in having with us Supt. Scudder of Huntington, who was an inspiration and guide. Above everything, there was an approach to God that overshadowed every other experience.

## Mother's and Daughter's Banquet

Over four hundred mothers and daughters enjoyed the Annual Y. W. C. A. Banquet on the evening of February 14. The red hearts which so artistically decorated the room were also symbolic of the beautiful sincere relationship between mother and daughter. Old acquaintances were renewed and many new and lasting friendships were formed.

## Big Brother Banquet

The Big Brother Banquet is one of the big events of the year for college fellows. This year they brought their little brothers from down town to the new dining hall where they all had a jolly, wholesome time together. The associations of this evening are invaluable in strengthening the friendships between college men and the down town boys.

#### SHAKESPEARE UP-TO-DATE

There was Much Ado About Nothing a few nights ago when the Kings, Henry VII John, and Richard III had a Midsummer Night's Dream that Two Gentlemen of Verona raised a tempest because Titus Adronicus, Hamlet, Coriolonus and Macbeth were calling on the Merry Wives of Windsor on the Twelfth Night. Othello and Cymbeline, Romeo and Juliet and Anthony and Cleopatra promptly stepped into the breach and tried to stop the quarrel. However, it seemed as if it was a case of Love's Labour Lost, for the Comedy of Errors kept on. To cap the climax, the Merchant of Venice arrived and demanded Measure for Measure. Finally Pericles started a peace conference and succeeded in Taming the Shrew. This is quite a Winter's Tale. All's Well that Ends Well, however, and we hope that this entire "Aurora" has been As You Like It.

The Aurora Staff of 1927 is indebted in a large measure to the business men of North Manchester for the success of this book. We thank them for their co-operation and assure them of our patronage.

# The Peabody School Furniture Co.

*North Manchester, Indiana*

The factory of The Peabody School Furniture Company is one of the oldest and largest industrial enterprises in North Manchester. One hundred fifty men are given employment for three hundred days each year. The average length of service of the officials and department heads is twenty-one years. Institutions are but lengthened shadows of individuals.

Peabody products are well known in the U. S. More than 30,000 school desks and 23,000 folding chairs were furnished California Schools during 1926.

The commodious gymnasium and auditorium erected by Manchester College last year was equipped with our popular No. 600B opera chair.

## J. K. LAUTZENHISER & COMPANY

The Lautzenhiser meat market is the oldest and the best equipped in the city. The large compressor and refrigerating room make it possible for meat to be kept in first class condition even in the warmest summer days.

A large amount of fresh meat may be prepared for market and kept on display by means of the modern display counters that have been recently installed in the market.

Lautzenhiser meat is of the best quality and all of it is home killed. Only the choice animals are accepted for slaughter. The entire fresh meat supply of the college dining hall is supplied by Lautzenhiser's Market, which is evidence of the fact that it is given the best of care.

Mr. Lautzenhiser and Mr. Leffel are the proprietors, both of them giving their entire time to the operation of the market on Main Street. Mr. Leffel has a son, Meredith, who is a student of M. C. and whom we all know.

## LAWRENCE NATIONAL BANK

---

The Lawrence National Bank, under the guiding hand of Mr. Domer, has acquired a well earned reputation for being one of the most staple, and reliable banking institutions to be found.

Associated with Mr. Domer, President, are Mr. Miller, Vice President, and Mr. Dewey, Cashier, who are men of "tried and proved" business caliber.

Shrewd in business calculations and always conservative in time of speculation this banking institution has been able to secure and hold public confidence during the 45 years of its existence.

# THE YORK STORE

The York Store is the only exclusive dry goods store in North Manchester. Courtesy and prompt service as well as the highest quality merchandise are the marks of York's place of business. Their stock is the most complete of its kind in Wabash County.

Mr. York has been in the dry goods business for twenty-four years previous to his coming to this city and he has been in business here for the past five years. His success is the greatest criterion for judging his past. In him Manchester College finds a real friend and booster.

*The Seminary of BETHANY BIBLE SCHOOL seeks to give to college graduates the specialized training which will fit them to be efficient leaders in the several lines of Christian service.*

*It is the Seminary of the Church of the Brethren, and as such, offers the following unique advantages to those preparing for work in our denomination:*

- (1) A Bible-centered curriculum for a Bible-centered people;
- (2) Methods, courses and practical training adapted to the situation and needs of the Church;
- (3) The opportunity for wide acquaintance with the present leaders of the Church;
- (4) Fellowship with students from all sections of the Brotherhood, representing practically all the church colleges.

The Seminary seeks to encourage a spirit of freedom in the search for truth, and with it an appreciation of the genius of the Church and a loyalty to her ideals.

*No work is of greater importance than Christian work. No service merits more thoroughgoing preparation. The time and effort spent in a Seminary Course multiplies itself in the increased capacity for rendering service. We cannot expect God's best unless we offer Him our best.*

A Summer Term of six weeks duration is offered in 1927, opening June 20.

## The Manchester Bonnet Co.

The Manchester Bonnet Company is owned and operated by Mrs. E. G. Butterbaugh and Franc L. Moyer. It has been serving the people of our college and church and city for fifteen years.

The company makes a specialty of made-to-order bonnets and prayer-coverings. Besides, a complete line of millinery merchandise is carried in stock. This is a prominent and dependable millinery shop and is recognized throughout the country as the leading concern carrying a line of Bonnets and Coverings as worn by members of the Church of the Brethren.

# College Inn

The College Inn, just across the street, is owned and operated by Mr. James C. Gilbert. Mr. Gilbert has made his place of business attractive and pleasant for students. After the game, after the lecture, after the play, it is Jim who serves us hot sandwiches and ice cream. His hot lunches are both satisfying and economical and many students make the Inn a regular boarding place at a very reasonable cost.

Mr. Gilbert is our friend and booster in all school activities. When there is a game, he is there; when a play is given, he is there; when a lyceum number is announced, behold he is there. We owe him our support.

## BURDGE'S DRUG STORE

The largest drug and stationery store of North Manchester is Burdge's. Mr. Burdge, the former proprietor and founder, died about one year ago and he is succeeded by Mr. Horning.

Burdge's welcomes the public to the store to enjoy the ice-water, electric fans, and refreshments.

## O. E. HILL, *Cleaning and Pressing*

Mr. Hill conducts his business on East Main Street. He is the man with the smile. We often see him as he delivers a newly cleaned and pressed suit or coat to the dormitory.

For the best work and service the Hill Tailor Shop is not surpassed in North Manchester.

THIS Annual is a history of the closing days of an epochal period in your life. It is not a compilation of dull monotonous facts but of events most dear to your heart and to be cherished more each day as you grow older.

In later years you may give a thought of appreciation to the staff of this year's Aurora in as much as they realized that good printing is an essential factor in perpetuating a book of the most eventful days of your College life and that they allowed us the pleasure of co-operating with them.

## REMINISCENCE

*Memory brightens o'er the past,  
As when the sun concealed  
Behind some cloud that near us hangs,  
Shines on a distant field.*  
—LONGFELLOW

Perhaps it is well that human nature deplors the present and glorifies the past. In idle moments it is comforting to permit the mind to shine back on distant fields of pleasant experiences.

Thus, this memory book will serve you and prove the source of real future pleasure. For Stafford combines these elements with the artistry, the quality and the workmanship which entitle it to bear the phrase ...

## C. E. BRADY

Mr. Brady is the friend of every college man. He says, "It is my business to improve your appearance." He does it with Society Brand Clothes, Walk-Over Shoes, and his complete line of men's furnishings are of the best quality.

College students and faculty know the value of Brady merchandise. Senior sweaters and athletic supplies are testimonials of this fact.

Mr. Brady has been selling clothing in North Manchester since 1908 and Manchester College has found a real friend in him. He supports Aurora, Oak Leaves, athletics, and other college interests. In turn, it is our duty to support him in his business.

## B. OPPENHEIM & COMPANY

Oppenheim's is North Manchester's largest store. One-half of the store displays a complete stock of men's togs, and the other half ladies' apparel and dry goods. During 1926 the store celebrated its 50th anniversary. The quality of merchandise and the excellent treatment of customers are the magnetic forces of Oppenheim's business house. The large display windows in the front of the store are a recent improvement which add a great deal to its attractiveness.

The store was established in 1876 by J. Oppenheim and it has gradually grown in size until the present modern establishment has been attained. Oppenheim's have been consistent boosters of Aurora and of our school.

## THE FRANTZ LUMBER COMPANY

The Frantz Lumber Company is operated under the management of two partners, Mr. Frantz and Mr. Phillips. The company's original place of business was at their yard on West Fourth Street. Early in 1926 the partners purchased the yard of the North Manchester Lumber Co. on West Second Street and soon moved into their new quarters there.

Our new Gymnasium-Auditorium represents Frantz workmanship. Frantz products are of the best quality and their workmen are efficient builders.

Mr. Frantz and Mr. Phillips are Aurora boosters and athletic fans. We wish to thank them for their interest in our school.

---

## J. B. WILLIAMS, DRUGS

The J. B. Williams Drug Store is operated by Mary Fern Forsyth, daughter of the late J. B. Williams. A complete line of gifts, greeting cards, place cards, and quality drugs is carried. Mr. J. K. Kohser, a former student of M. C. and graduate pharmacist of Purdue U. is in charge and you will always find him glad to serve you.

# NOAH BAKER

## SHOE REPAIRING SERVICE

Mr. Baker is a friend to every M. C. student. His workmanship is first class, his service is prompt, and his prices are reasonable. Besides operating a modern shoe repair shop, Mr. Baker sells Roxana Petroleum Products and Shell gasoline is unexcelled.

Noah is the kind of a business man who appreciates our patronage no matter how small the purchase. He is also one who is interested in the welfare of our school and student body.

Let Noah mend your shoes. He will do it better, quicker, and at lower cost. Let him fill your gas tank. He will put in the best and he will put it in when you want it.

## LEEDY MOTOR COMPANY

*for Economical Transportation*

Harry E. Leedy of the Leedy Motor Company is one of our college and Aurora boosters. His place of business is the most modern one of its kind in the city. He has a beautiful, modern salesroom and when it is dotted with new Chevrolets, including Landaus, Coupes, and Sedans, it is still more attractive.

One has only to observe the large percentage of Chevrolets in North Manchester's car population to realize the volume of business done by the Leedy Motor Company during its short career in this city.

The mechanics at Leedy's are automobile experts and when your car is repaired by them you have the satisfaction that accompanies perfect workmanship.

Besides Chevrolet Cars, Mr. Leedy sells Day Fan Radios and all kinds of auto repairs.

For his help we are grateful

# GEO. N. BENDER & SON

## FURNITURE AND UNDERTAKING

*"Best equipment, years of experience, and a desire to do good work."*

1926 marked the fortieth anniversary of the Bender Furniture and Undertaking establishment.

The business was first organized by Stewart & Ellwood in 1886. Later it was purchased by J. H. Bonner & Sons who held Mr. Bender in their employment for thirteen years. In 1917 Mr. Bender purchased the concern from them. Recently Mr. Bender has taken as a partner in the concern his son, Todd, who is a student at M. C. and whom we all know.

The business has always been operated from the furniture store on East Main Street until recently when Mr. Bender made a great improvement in the form of a new Funeral Home on West Main Street.

Mr. Bender is one of our prominent business men to whom we owe much for the support which he has given Manchester College and Aurora.

## CITY MEAT MARKET

Mr. Snyder's Market is equipped with an efficient refrigerator and modern machinery. His meats are all home killed and given the best of care. He also handles a complete line of first class Delicatessens. He moved to his present location one year ago and previous to that time he conducted a meat market in the rear of the Stand Grocery.

Mr. Snyder has a daughter, Cecil, who is a student of M. C. and a member of the Aurora Staff.

# THE INDIANA STATE BANK

The Indiana State Bank was organized in our city twenty-six years ago. It has, at present, a capital of \$100,000.00 and a surplus of \$20,000.00, and has the largest deposits of any of North Manchester's banks.

The Indiana State Bank is truly a "Home Bank for Everybody" as its slogan suggests, because it is owned and controlled by home people.

Calvin Ulrey, President, A. L. Ulrey, Vice President, A. I. Urschel, Cashier, Edythe Kircher, Assistant Cashier, Kathryn Kircher and Arthelia Keffaber make up the personnel of the bank and they are all our friends and boosters.

## E. W. GRESSO COMPANY

The Gresso Department Store is one of the most economical places to shop in North Manchester. The store is composed of departments of men's clothing, ladies' clothing, dry goods, shoes, and groceries.

Gresso's is a rapidly growing organization. The Company is now operating stores in Wabash, North Manchester, Silver Lake, and Warsaw. Mr. G. E. Gresso is in charge of the Manchester store.

---

## WAMPLER'S COZY CORNER

Mr. Wampler, who was formerly a music professor of Manchester College, is now conducting a grocery and lunch counter near the college. It is a delightful place to secure refreshments after college games and other events.

Mr. and Mrs. Wampler have always had a sincere interest in our school and Mrs. Wampler is a member of our faculty in the public speaking and English department.

# ULREY LUMBER CO.

The Ulrey Lumber Company, under the direction and management of Claude Frey and Henry Hoover, is North Manchester's largest lumber yard. Connected with the yard is a new sawmill. The new mill is a great improvement over the old one that was destroyed by the large fire last year.

The Ulrey Lumber Company, besides being the largest one in the city, is also the oldest. It was organized about forty years ago and since that time has grown into a large business enterprise. A great deal of the building materials used in our new ladies' dormitory have been supplied by the Ulrey Lumber Company.

---

# WARD MOTOR CO.

The Ward Motor Company have the exclusive authorized sales and service establishment in North Manchester. The volume of business carried on continuously by Ward's prove their ability to sell and serve.

The best place to take your Ford for its next repair is where it will receive attention from specialists and at a reasonable cost.

Mr. Ward, Mr. Taylor, and Mr. Priser are the managers of the Ward Motor Company and they may well be claimed as friends of our school.

# KRAMER THE LEANER

The new cleaning, pressing, and dyeing establishment which has recently begun operations on North Walnut Street, is in charge of Mr. Bruce A. Kramer. Mr. Kramer's father, Phillip Kramer, is conducting a similar plant in Wabash.

The Kramer Shop is the only one in North Manchester that cleans, presses and dyes clothes in this city. The delivery truck adds a great deal to the service of the shop. Kramer's customers are pleased and college students who are particular are given a special welcome to his plant. His equipment is the most modern of its kind, therefore he is able to give the best service. He calls for and delivers work.

Mr. Kramer will clean anything but a guilty conscience, and he gives all back but the dirt.

---

## E. P. PAUL, *Furniture and Undertaking*

Mr. Paul is one of our business men who has not been with us so long. Since he was thirteen years old he has been associated with an undertaking establishment at Delphi, Indiana. Three and one-half years ago he established his furniture store and funeral home in Manchester.

During his business career Mr. Paul has conducted over two thousand funerals.

---

## North Manchester Foundry Co. Inc.

The foundry is one of the leading industrial enterprises of the city. It is chiefly occupied in making school desk and opera chair castings for the Peabody School Furniture Company. Practical and economical heating and laundry stoves are also products of the foundry.

Manchester College has been more closely connected with the foundry than perhaps any other business firm in North Manchester. Mr. John Stauffer, for many years the president of the corporation, was at the time of his death one of the trustees of the college; Robert Stauffer, our basket ball coach is Secretary-Treasurer; and Prof. Roy Dilling, a member of our Music faculty is Vice President. They have been friends and supporters to whom we are greatly indebted.

# Urschel's Bargain Store

The Urschel Bargain Store was organized by Harry Hayes and Son. The Son succeeded his father and took in as a new partner, L. P. Urschel, the present owner. After five years of partnership business, Mr. Urschel became the sole proprietor and has now been operating as such for seventeen years.

The Urschel Store is a department store, carrying complete lines of shoes, dry goods, rugs and linoleum, hosiery, underwear, and work clothing. In addition the rear of the store is given to a complete hardware stock. Mr. Urschel's buying power is increased because of the various departments for which he buys. His prices are always below the average.

Well, it is done, go ring the chimes,  
Let's balance up the books,  
One more glance at the campus—  
Oh, how wonderful it looks;  
But shed no tears my gentle friends,  
The joys of all the year  
You'll find recorded in this book—  
Its very soul is here.
